EMOBILITY WORKS

Integration of e-mobility in European municipalities and businesses

IEE/13/706/S12.657111
March 2014 – August 2016
Project basics

- **Duration**: 03/2014 – 08/2016
- **Consortium**: 12 partners, 10 countries
- **Website**: emobilityworks.com
- **Funding**: Co-funded by IEE
- **Target groups**:
  - Municipalities
  - Businesses
Main activities

Among many other activities in during the project, the main activities comprised:

- **Target group municipalities:**
  - Develop so-called „e-action plans“
  - Start implementation of action plans

- **Target group businesses:**
  - Consult, inform, motivate!
E-mobility action plans

- Tailor-made approach, exploiting the individual potential!
- Participation process at the core!
E-mobility works results

Main results:

✓ 29 municipalities with E-mobility action plans
✓ More than 50% of the planned measures are already implemented or ongoing
✓ 168 consulted companies (more to come)
✓ 143 multi-laned e-vehicles
✓ 264 single-laned e-vehicles
✓ 118 charging infrastructures
