

Networking event for Energy Agencies

6th December 2017

Brussels

On the 6th of December 2017, Energy Agencies and Regions are all invited to **FEDARENE's annual Networking Event** during which recent EU Energy policy developments will be presented, interesting projects and programmes will be showcased and a peer learning session will enable all the participants to present their own projects and challenges and discuss potential solutions with fellow experts. This will be also be an excellent opportunity for the participants to discuss about the new opportunities opened by the H2020 – 2018-2020 Work Programmes and Interreg.
