UK Energy Savers of the Year
Glenn Simpson & Frances Hunter
Investing now means saving in the future!
How our winners made their savings…

- When carrying out building work on our house we made a conscious decision to address its energy efficiency.

- We have used our Energy Saving Account to monitor our energy consumption by adding the meter readings we have been taking for the past 3 years.

- Energy saving has become an integral part of our life and we have implemented a number of measures to reduce our consumption…lots and lots insulation; solar panels; energy efficient lighting and no TV!

THE SMALLEST OF ACTIONS CAN SAVE ENERGY, SO START NOW!
